

2006 GLOBAL WARMING QUICK POLL

Dates: Dec. 4-Dec. 18, 2006

Respondents: 78 business owners

1. Have you experienced an increase in energy costs for your business this season?

Yes	82%
No	18%

2. Would a prolonged spike in energy prices compel you to invest more in energy-efficient products and services?

Yes	73%
No	27%

3. Would increased incentives (such as low- or zero-interest rate loans) or improved access-to-capital innovations (such as on-bill financing) make you more likely to invest in energy efficiency upgrades?

Yes	71%
No	29%
